

MISSOURI DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS
DIVISION OF WORKERS' COMPENSATION

Missouri Division of Workers' Compensation (MODWC) EDI Claims Release 3.1

MODWC EDI Claims Release 3.1 Implementation Date Change from March 20, 2026 to August 20, 2026 and Requirement Table Updates

Date: 4/17/2026

This correspondence is to provide an update on the implementation of MODWC EDI Claims Release 3.1 for First Report of Injury (FROI) and Subsequent Report of Injury (SROI).

MODWC is changing the Mandatory Start Date from **March 20, 2026** to **August 20, 2026**, for electronic reporting of MODWC EDI Claims Release 3.1 for First Report of Injury (FROI) and Subsequent Report of Injury (SROI).

The Version 1.1 (Revision Date: 04/16/2026, Effective:08/20/2026) MODWC Claims EDI Release 3.1 Requirement Tables, Implementation Guide and the Transition Plan reflect the new date.

The updated Requirement Tables can be found in the EDI Requirements page:
<https://modwcedi.info/requirements>.

We want to highlight the following changes for v1.1:

- Effective with Release 3.1, MODWC will discontinue the use of DN0206 – Employee Security ID as match data. DN0042 - Employee Social Security Number or DN0154 - Employee ID Assigned by Jurisdiction will be used instead in Release 3.1.
- If DN0042 – Employee Social Security Number for a legacy claim in Release 1.0 was reported with less than nine digits, the value from Release 1.0 must be reported in Release 3.1 as DN0154 – Employee ID Assigned by Jurisdiction, with DN0270 – Employee ID Type Qualifier set to “A”. Refer to Population Restriction edits for DN0042 and DN0154 for additional information

The updated Implementation Guide is posted on the Implementation Guide page: <https://modwcedi.info/guide> and the updated Transition Plan is posted on the Implementation Info Page: <https://modwcedi.info/impl-info>.

Questions? If you have any questions related to MODWC EDI Claims *Release 3.1*, please contact the MODWC EDI Support Team at modwcedi@verisk.com.

Thank you,
