MODWC EDI Claims Release 3.1 Information Session

Date: 06/10/2025

Missouri, in conjunction with their EDI Claims Vendor, Verisk, have prepared the EDI Claims Release 3.1 Information Session Presentation recording and PDF slides which can be found on the Training Information page of the MODWC EDI Claims website: https://modwcedi.info/training.

This training was prepared to assist Trading Partners in understanding the transition from R1 to R3.1 and interpreting the new requirements for the state of Missouri.

The testing period for MODWC Trading Partners (Direct SFTP) and EDI Vendors becomes available starting **July 14, 2025**.

EDI Vendors and Trading Partners submitting claims data directly are required to complete the Test Plan. The DOWC Test Plan is available at https://modwcedi.info/impl-info.

Any Direct SFTP trading partner or EDI Vendor who has not completed and passed the FROI/SROI testing will not be advanced to production.

Exceptions: No testing is required for the Jurisdiction Web Entry filers using wcPrism. In some cases, if a Trading Partner is using an EDI Vendor, the EDI Vendor will coordinate and/or perform the testing on behalf of the Trading Partner.
